

SAFETY INTELLIGENCE™

VOCUS App:

VOCUS SMS is an advanced software system that utilizes the latest technology to make safety management simple, meaningful, and seamless. VOCUS SMS is the ideal solution for forward-thinking safety professionals seeking to go beyond compliance.

- **Simple** - Clean design and user interface makes it easy to submit reports, investigate events, and conduct audits
- **Meaningful** - Robust data classification and cost tracking provides actionable insights.
- **Seamless** - Integrates with other software including FlightRisk, FDM/C-FOQA, and FAA ASIAs

Simple. Meaningful. Seamless.

SAFETY INTELLIGENCE™

Standard vs. Enhanced: Which is best for your organization?
